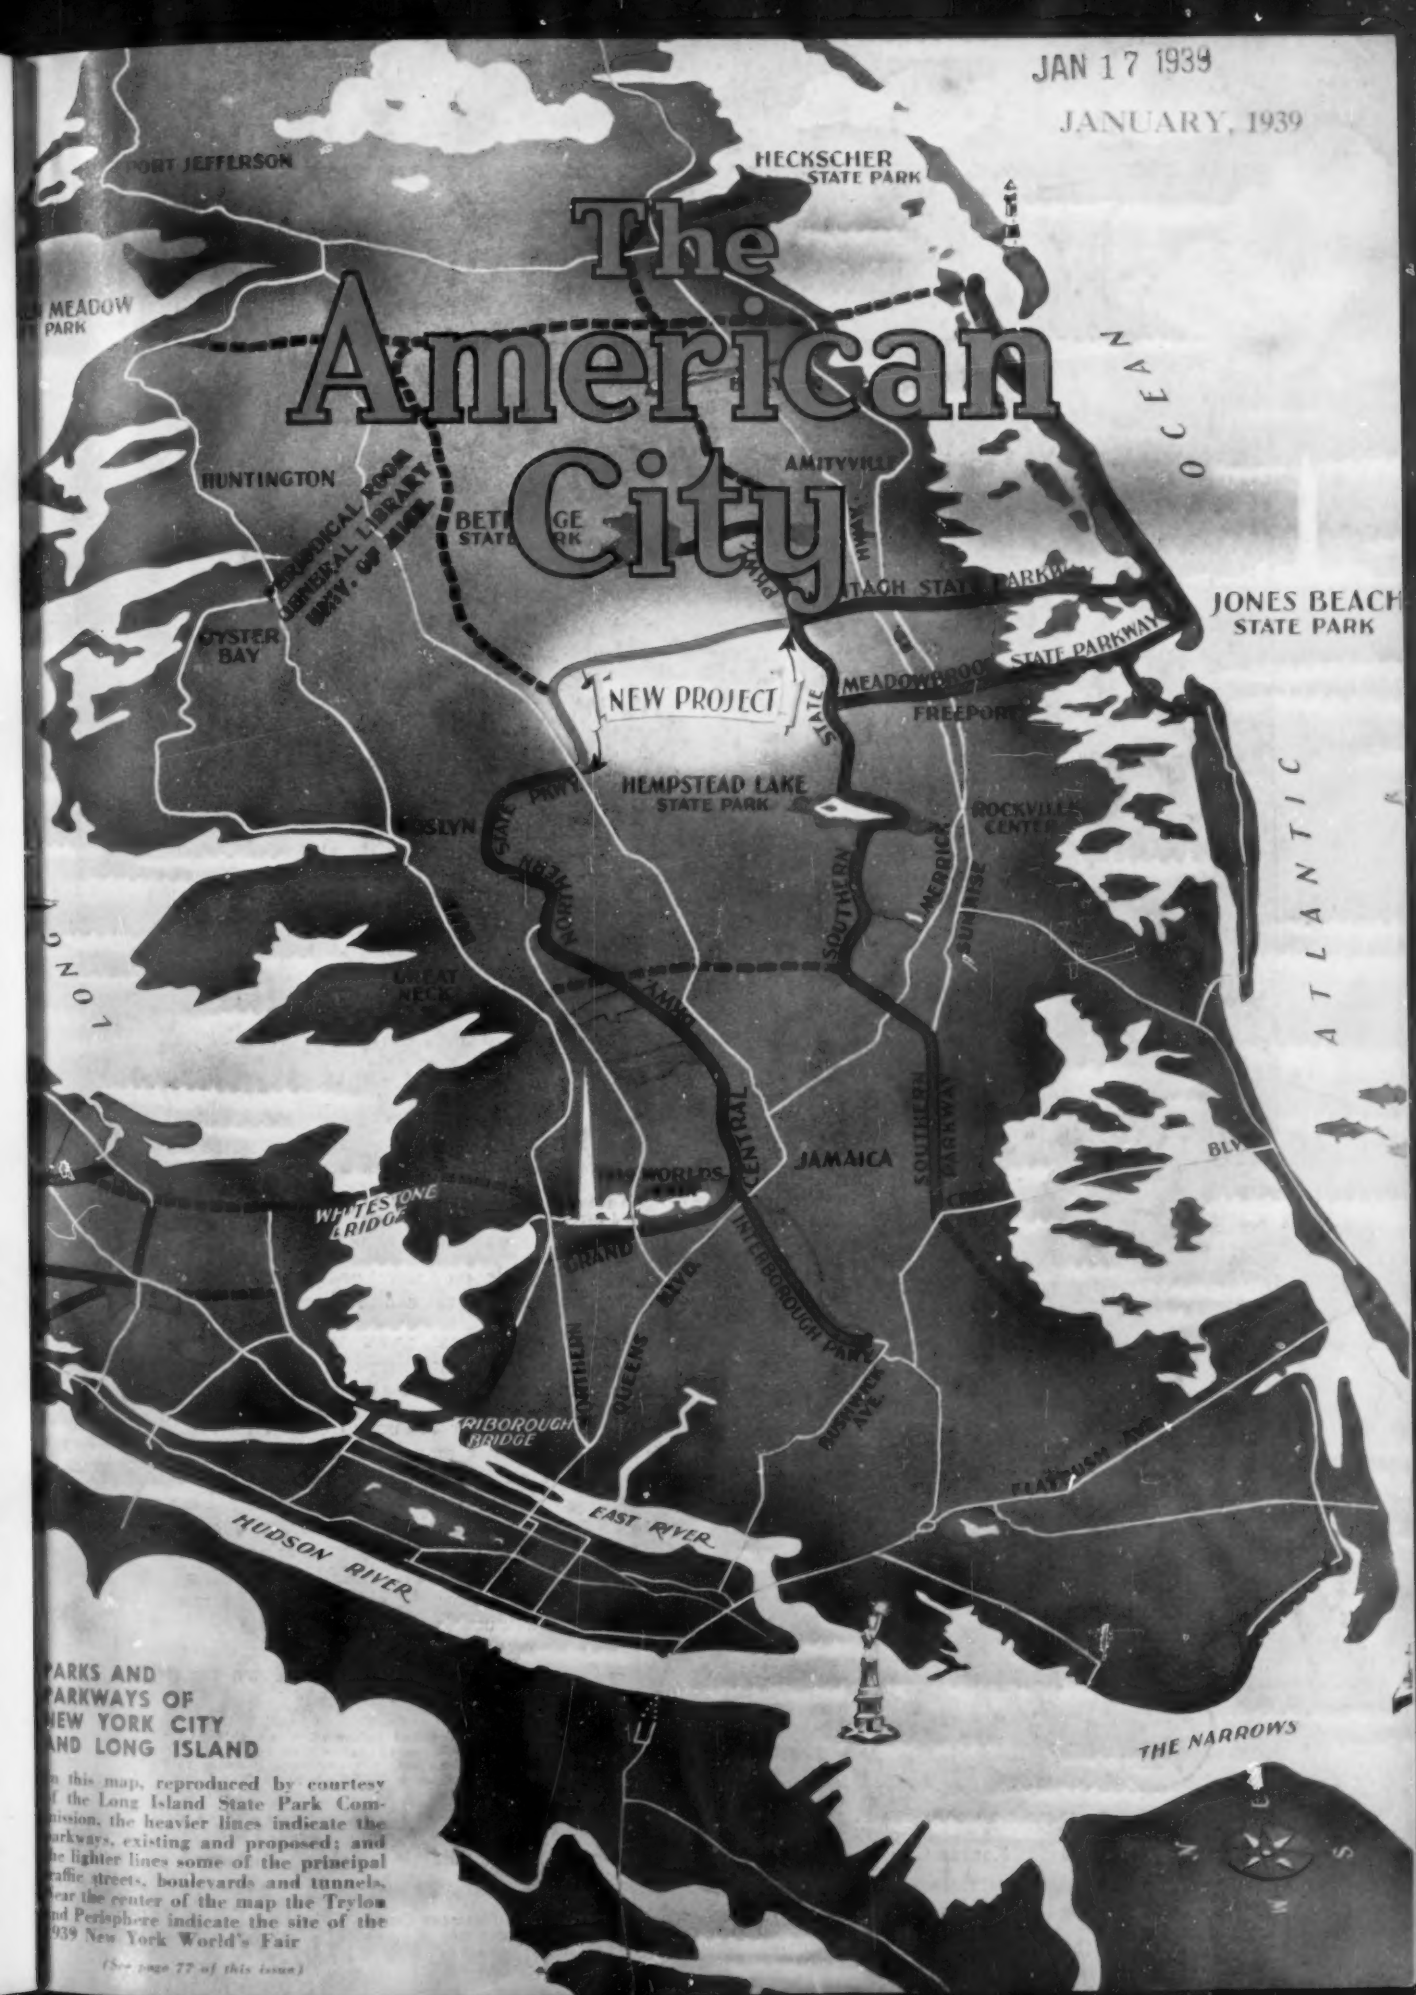
JAN 17 1939

The American City



PARKS AND PARKWAYS OF NEW YORK CITY AND LONG ISLAND

In this map, reproduced by courtesy of the Long Island State Park Commission, the heavier lines indicate the parkways, existing and proposed; and the lighter lines some of the principal traffic streets, boulevards and tunnels. Near the center of the map the Trylon and Perisphere indicate the site of the 1939 New York World's Fair

(See page 77 of this issue)
